<sup>(1)</sup> Le cifre relative al potenziale di riduzione dell'ozono sono stime basate sulle attuali conoscenze e saranno riesaminate e modificate periodicamente in base alle decisioni adottate dalle parti.

<sup>(2)</sup> La formula non si riferisce all'1,1,2-tricloroetano.

<sup>(3)</sup> Identifica la sostanza più valida da un punto di vista commerciale, come prescritto dal protocollo.
