[1] Field to be completed if a country has more than one competent authority.

[2] Indicate the name of the region(s) for which the competent authority is responsible. If it is responsible for the whole country, insert: 'whole country'.

[3] Describe the powers of the competent authority by indicating, for example, that it is only responsible for intra-EU shipments or exports of waste or that it is only responsible for shipments of a specific type of waste. If it is responsible for all shipments, insert 'all types of shipments'.

[4] This question can only be replied to in the following manner:

   (a)   only one option can be chosen for each of points (a) to (d);

   (b)   if 'GUI' is chosen for one of points (a), (b) or (c), the remaining points can only be answered by choosing 'GUI' or 'not applicable';

   (c)   if 'API (local system)' is chosen for one of points (a) to (c), the remaining points can only be answered by choosing 'API (local system)' or 'not applicable'.

[5] The option 'not applicable' shall be chosen if the competent authority completing the declaration is not entitled to act as a competent authority of dispatch, competent authority of transit or competent authority of destination.

[6] This applies to all operators except for carriers.

[7] Under this point, only one option can be chosen.

<superscript>(8)</superscript> The option 'not applicable' shall be chosen if the competent authority completing the declaration is not responsible for granting pre-consents to facilities as referred to in Article 14(8) and (10) of Regulation (EU) 2024/1157.

<superscript>(9)</superscript> Field to be completed if a competent authority indicated 'API (local system)' in question 5(d) or 6(d).

<superscript>(10)</superscript> Field to be completed only if the competent authority intends to indicate a specific date following 20 working days from the submission of the declaration other than the date referred to in Article 86(2) of Regulation (EU) 2024/1157.

1.   For the purposes of this Annex, 'CA' means competent authority.

2.   For the purpose of this Annex, the letters used in the column 'mandatory' in the tables in Parts A to E shall have the following meaning:

    (a)   'Y' means that introducing data in a given field shall be mandatory;

    (b)   'N' means that introducing data in a given field shall not be mandatory.

3.   For the purpose of this Annex, terms used in the column 'other constraints' in in the tables in Parts A to E shall have the following meaning:

    (a)   'Validated' means that the systems are required to automatically verify the data provided in a given field;

    (b)   'Boolean' means that the value shall be either 'yes' or 'no'.

PART A

PROTOCOL FOR EXCHANGE OF DATA RELATED TO THE NOTIFICATION REFERRED TO IN ARTICLE 27(1) POINT (A), (I) TO (VIII), (X) AND (XV) AND ARTICLE 24(1) POINT (C), OF REGULATION (EU) 2024/1157

1.   SUBMIT NEW NOTIFICATION

This operation is used to submit a new notification.

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
Errors and warnings	Warning message
	Error message

2. SUBMIT REQUEST FOR INFORMATION

This operation is used to submit a request for information and documentation in accordance with Article 8 of Regulation (EU) 2024/1157. This operation can be used by any CA concerned.

Input parameters:

Section	Field	Mandatory	Other constraints
General	CA role in the notification	Y	Validated
	On behalf of CA code No	N	CA code No
	On behalf of CA country	N	Validated
	On behalf of role	N	Validated
	UUID	Y	
Request for information	Notification No	Y	Notification No (existing)
	Request language	Y	Validated
	Request content	Y	
CA authentication details	Name of the person authenticating the submission on behalf of CA	Y	
	Email of the person authenticating the submission on behalf of CA	N	
	Role of the person authenticating the submission on behalf of CA in its organization	Y	
	CA representative authentication timestamp	Y	
	CA representative authentication string	N	

Section	Field	Mandatory	Other constraints
	UUID	Y	
Attachment	List of attachment IDs	N	Validated

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Request for information ID
Errors and warnings	Warning message
	Error message

3.   UPDATE REQUEST FOR INFORMATION

This operation is used to update a request for information and documentation in accordance with Article 8 of Regulation (EU) 2024/1157. This operation can be used by any CA concerned in order to extend the time for reply.

Input parameters:

Section	Field	Mandatory	Other constraints
General	CA role in the notification	Y	Validated
	On behalf of CA code No	N	CA code No
	On behalf of CA country	N	Validated
	On behalf of role	N	Validated
	UUID	Y	
Request for information	Notification No	Y	Notification No (existing)
	Request for information ID	Y	Request for information number (existing)
	Request language	Y	Validated
	Request content	Y	
	Additional time for reply	N	
CA authentication details	Name of the person authenticating the submission on behalf of CA	Y	
	Email of the person authenticating the submission on behalf of CA	N	
	Role of the person authenticating the submission on behalf of CA in its organization	Y	
	CA representative authentication timestamp	Y	
	CA representative authentication string	N	
	UUID	Y	

Section	Field	Mandatory	Other constraints
Attachment	List of attachment IDs	N	Validated

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Request for information ID
Errors and warnings	Warning message
	Error message

4.   SUBMIT REPLY TO REQUEST FOR INFORMATION

This operation is used by the notifier to submit a reply to competent authority's request for information and documentation.

Input parameters:

Section	Field	Mandatory	Other constraints
General	On behalf of operator (Operator ID)	N	Validated
	UUID	Y	
Reply for Request for information	Request for information ID	Y	Request for information number (existing)
	Reply language	Y	Validated
	Reply content	Y	
Notifier's authentication details	Name of the person authenticating the submission on behalf of the notifier	Y	
	Email of the person authenticating the submission on behalf of the notifier	N	
	Role of the person authenticating the submission on behalf of the notifier in its organization	Y	
	Notifier's representative authentication timestamp	Y	
	Notifier's representative authentication string	N	
	UUID	Y	
Attachment	List of attachment IDs	N	Validated

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Request for information ID
	Reply ID
Errors and warnings	Warning message
	Error message

5. SUBMIT ACKNOWLEDGEMENT

This operation is used by competent authority to submit an acknowledgement of properly completed notification for waste imported into the EU, exported from the EU or transited through the EU.

Input parameters:

Section	Field	Mandatory	Other constraints	Annex IA box
General	CA role in the notification	Y	Validated	
	On behalf of CA code No	N	CA code No	
	On behalf of CA country	N	Validated	
	On behalf of role	N	Validated	
	UUID	Y		
Acknowledgment	Notification No	Y	Notification No (existing)	19
	Notification receipt date	Y	Date format	19
	Acknowledgement date	Y	Date format	19
CA authentication details	Name of the person authenticating the submission on behalf of CA	Y		19
	Email of the person authenticating the submission on behalf of CA	N		19
	Role of the person authenticating the submission on behalf of CA in its organization	Y		19
	CA representative authentication timestamp	Y		19
	CA representative authentication string	N		19

Section	Field	Mandatory	Other constraints	Annex IA box
	UUID	Y		
Attachment	List of attachment IDs	N	Validated	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Acknowledgment ID
Errors and warnings	Warning message
	Error message

6.   DECLINE THE 'PRE-CONSENTED FACILITY' STATUS OF WASTE RECEIVING FACILITY FOR THE NOTIFICATION CONCERNED

This operation is used by CAs to decline the 'pre-consented facility' status of waste receiving facility for a given notification in case the shipment does not fall into the scope of pre-consent.

Input parameters:

Section	Field	Mandatory	Other constraints
General	CA user role	Y	Validated
	On behalf of CA code No	N	
	On behalf of CA country code	N	
	On behalf of role	N	
	UUID	Y	
Action	Notification No	Y	Validated
	Action code	Y	Specific action code
	Name of the person authenticating the action on behalf of CA	N	
	Email of the person authenticating the action on behalf of CA	N	
	Role of the person authenticating the action on behalf of CA in its organisation	N	Language code: value
	Authentication timestamp	N	
	Additional authentication string	N	
	UUID	Y	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Action ID
Errors and warnings	Warning message
	Error message

7.   DISREGARD TIMELINES (ARTICLE 14(16)OF REGULATION (EU) 2024/1157)

This operation is used by CAs to inform the notifier and other CAs that they need more time to decide over a notification destined for pre-consented facility, as referred to in Article 14(16) of Regulation (EU) 2024/1157.

Input parameters:

Section	Field	Mandatory	Other constraints
General	CA user role	Y	Validated
	On behalf of CA code No	N	
	On behalf of CA country code	N	
	On behalf of role	N	
	UUID	Y	
Action	Notification No	Y	Validated
	Action code	Y	Specific action code
	Name of the person authenticating the action on behalf of CA	N	
	Email of the person authenticating the action on behalf of CA	N	
	Role of the person authenticating the action on behalf of CA in its organisation	N	Language code: value
	Authentication timestamp	N	
	Additional authentication string	N	
	UUID	Y	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Action ID
Errors and warnings	Warning message

				Error message	

8.   SUBMIT DECISION

This operation is used to submit a decision concerning a notification, by referring to its number. Each competent authority is allowed to submit only one decision, that can be later updated.

Input parameters:

Section	Field	Mandatory	Other constraints	Annex IA box
General	CA role in the notification process	Y	Validated	
	On behalf of CA code No	N	CA code No	
	On behalf of CA country code	N	Validated	
	On behalf of role	N	Validated	
	UUID	Y		
Decision	Notification No	Y	Notification no (existing)	
	Decision date	Y	Date format	20
	Decision type (consent / consent with conditions / objection / withdrawal of tacit consent)	Y	Validated	
	Specific conditions on consenting to the movement document	N (Y for consent with conditions)	Language code: value	21
	Specific conditions: consent valid only for the following waste quantity (value)	N		
	Specific conditions: consent valid only for the following number of shipments:	N		
	Consent valid from date	N (Y for consent type)	Date format	20
	Consent valid until date	N (Y for consent type)	Date format	20
	Reasons for objection	N (Y for objection)	Language code: value	21
	Duly reasoned	Y	Language code:	

Section	Field	Mandatory	Other constraints	Annex IA box
	justification of the decision		value	
	Name of the person authenticating the submission on behalf of CA	Y		20
	Email of the person authenticating the submission on behalf of CA	N		20
	Role of the person authenticating the submission on behalf of CA in its organization	Y		20
	CA representative authentication timestamp	Y		20
	CA representative additional authentication string	N		20
	UUID	Y		
Attachment	List of attachment IDs	N	Validated	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Decision ID
Errors and warnings	Warning message
	Error message

9.   UPDATE INFORMATION ON CONFIDENTIALITY OF WASTE RECEIVING FACILITY NAME

This operation is used by CAs to indicate, that the name of the waste receiving facility shall not be published by the Commission in accordance with Article 21 of Regulation (EU) 2024/1157, as it is confidential in accordance with Union or national law.

Input parameters:

Section	Field	Mandatory	Other constraints
General	Notification No	Y	
	Operator ID	Y	
	Name the waste receiving facility is confidential and shall not be publicly disclosed	Y	

Section	Field	Mandatory	Other constraints
	Explanation why the name of waste receiving facility is confidential under Union or national law	Y	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Operator ID
	Name the waste receiving facility is confidential and shall not be publicly disclosed
	Explanation why the name of waste receiving facility is confidential under Union or national law
Errors and warnings	Warning message
	Error message

10.   UPDATE NOTIFICATION

This operation is used to update the notification

Input parameters:

12. SUBMIT REQUEST FOR CHANGE AFTER CONSENT (ARTICLE 17 OF REGULATION (EU) 2024/1157)

This operation is used by a notifier to submit a request for changes of the notification after it has been already consented to, in accordance with Article 17 of Regulation (EU) 2024/1157.

Input parameters:

Section	Field	Mandatory	Other constraints
General	Notification No	Y	Validated
	Operator ID	Y	Validated
	UUID	Y	
Request for change after consent	Does the request cover change of the route of the shipment?	Y	Boolean
	Request language	Y	Validated
	Request content	Y	
Exporter's – notifier's – generator's – producer's declaration	Name of the person authenticating the submission on behalf of exporter / notifier	Y	
	Email of the person authenticating on behalf of the exporter / notifier	N	
	Role of the person authenticating the submission on behalf of exporter / notifier in its organisation	Y	Language code: value
	Exporter's – notifier's authentication timestamp	Y	
	Exporter's – notifier's additional authentication string	N	
	UUID	Y	
Attachment	List of attachment IDs	N	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Request for change after consent ID
Errors and warnings	Warning message
	Error message

13.   SUBMIT REPLY TO REQUEST FOR CHANGE AFTER CONSENT (ARTICLE 17 OF REGULATION (EU) 2024/1157)

This operation is used by the CAs to submit a reply to notifier's request to change after consent.

Input parameters:

Section	Field	Mandatory	Other constraints
General	CA role in the notification process	Y	Validated

Section	Field	Mandatory	Other constraints
	On behalf of CA code No	N	CA code No
	On behalf of CA country code	N	
	On behalf of role	N	Validated
	UUID	Y	
Reply for request for change	Request for change after consent ID	Y	Request for change after consent number (existing)
	Agreement for change after the consent as requested by notifier	Y	Boolean
	Reasons for agreement / disagreement	N	Language code: value
CA authentication details	Name of the person authenticating the submission on behalf of CA	Y	
	Email of the person authenticating the submission on behalf of CA	N	
	Role of the person authenticating the submission on behalf of CA in its organization	Y	
	CA representative authentication timestamp	Y	
	CA representative additional authentication string	N	
	UUID	Y	
Attachment	List of attachment IDs	N	Validated

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Request for change after consent ID
	Reply ID
Errors and warnings	Warning message
	Error message

14.   PROPERLY CARRIED OUT

This operation is used by the CA of dispatch to inform that they are satisfied with the notification and consider it properly carried out.

Input parameters:

Section	Field	Mandatory	Other constraints
General	CA user role	Y	Validated
	On behalf of CA code No	N	
	On behalf of CA country code	N	
	On behalf of role	N	
	UUID	Y	
Action	Notification No	Y	Validated
	Action code	Y	Specific action code
	Name of the person authenticating the action on behalf of CA	N	
	Email of the person authenticating the action on behalf of CA	N	
	Role of the person authenticating the action on behalf of CA in its organisation	N	Language code: value
	Authentication timestamp	N	
	Additional authentication string	N	
	UUID	Y	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Action ID
Errors and warnings	Warning message
	Error message

15.   PROPERLY COMPLETED

This operation is used by the CA of destination and/or transit to inform that they are satisfied with the notification and consider it properly completed.

Input parameters:

Section	Field	Mandatory	Other constraints
General	CA user role	Y	Validated
	On behalf of CA code No	N	
	On behalf of CA country code		
	On behalf of role	N	
	UUID	Y	

Action	Notification No	Y	Validated
	Action code	Y	Specific action code
	Name of the person authenticating the action on behalf CA	N	
	Email of the person authenticating the action on behalf of CA	N	
	Role of the person authenticating the action on behalf of CA in its organisation	N	Language code: value
	Authentication timestamp	N	
	Additional authentication string	N	
	UUID	Y	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Action ID
Errors and warnings	Warning message
	Error message

16.   NOTIFICATION INVALID

This operation is used by the CA to decide that the notification is not valid in accordance with Article 8(5) or (10) of Regulation (EU) 2024/1157.

Input parameters:

Section	Field	Mandatory	Other constraints
General	CA user role	Y	Validated
	On behalf of CA code No	N	
	On behalf of CA country code	N	
	On behalf of role	N	
	UUID	Y	
Action	Notification No	Y	Validated
	Action code	Y	Specific action code
	Name of the person authenticating the action on behalf CA	N	
	Email of the person authenticating the action on behalf of CA	N	

	Role of the person authenticating the action on behalf of CA in its organisation	N	Language code: value
	Authentication timestamp	N	
	Additional authentication string	N	
	UUID	Y	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Action ID
Errors and warnings	Warning message
	Error message

17. NOTIFICATION REVALIDATED

This operation is used by the CA to revalidate a notification.

Input parameters:

Section	Field	Mandatory	Other constraints
General	CA user role	Y	Validated
	On behalf of CA code No	N	
	On behalf of CA country code	N	
	On behalf of role	N	
	UUID	Y	
Action	Notification No	Y	Validated
	Action code	Y	Specific action code
	Name of the person authenticating the action on behalf CA	N	
	Email of the person authenticating the action on behalf of CA	N	
	Role of the person authenticating the action on behalf of CA in its organisation	N	Language code: value
	Authentication timestamp	N	
	Additional authentication string	N	
	UUID	Y	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Action ID
Errors and warnings	Warning message
	Error message

18. CANCEL NOTIFICATION

This operation is used to cancel the already submitted notification.

Input parameters:

Section	Field	Mandatory	Other constraints
General	Notification No	Y	Notification No (existing)
	Action code	Y	
	Cancelation reasons or details	N	Language code: value
Attachment	List of attachment IDs	N	Validated

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Action ID
Errors and warnings	Warning message
	Error message

19. NOTIFICATION COMPLETED

This operation is used by the CA to close a completed notification.

Input parameters:

Section	Field	Mandatory	Other constraints
General	CA user role	Y	Validated
	On behalf of CA code No	N	
	On behalf of CA country code	N	
	On behalf of role	N	
	UUID	Y	
Action	Notification No	Y	Validated
	Action code	Y	Specific action code

Section	Field	Mandatory	Other constraints
	Name of the person authenticating the action on behalf of CA	N	
	Email of the person authenticating the action on behalf of CA	N	
	Role of the person authenticating the action on behalf of CA in its organisation	N	Language code: value
	Authentication timestamp	N	
	Additional authentication string	N	
	UUID	Y	

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Action ID
Errors and warnings	Warning message
	Error message

	List of attachment IDs	N	Validated	

Output parameters:

Section	Parameter
General	Call status code
Specific	Movement document No
Errors and warnings	Warning message
	Error message

3.   SUBMIT CARRIER TRANSFER CONFIRMATION

This operation is used by carrier(s) to submit a confirmation of receipt of waste with respect to waste shipped based on a given movement document.

Input parameters:

Section	Field	Mandatory	Other constraints	Annex IB box
Movement	Movement document No	Y	Validated	
	Additional information related to the shipment	N		16
Carrier Transfer	Operator ID	Y	Validated	
	UUID	Y		
	Means of transport	Y		8
	Transfer date	Y	Date format	8
Declaration of the carrier who takes-over the shipment	Name of the person authenticating the submission on behalf of carrier	Y		8
	Email of the person authenticating the	N		8

Section	Field	Mandatory	Other constraints	Annex IB box
	submission on behalf of carrier			
	Role of the person authenticating the submission on behalf of carrier in its organization	Y		8
	Authentication timestamp	Y		8
	Additional authentication string	N		8
	UUID	Y		
Attachment	List of attachment IDs	N	Validated	

Output parameters:

Section	Parameter
General	Call status code
Specific	Movement document No
	Confirmation ID
Errors and warnings	Warning message
	Error message

4.   UPDATE CARRIER TRANSFER CONFIRMATION

This operation is used to update an existing carrier transfer confirmation.

Input parameters:

Section	Field	Mandatory	Other constraints	Annex IB box
Movement	Movement document No	Y	Validated	
	Transfer ID	Y	Validated	
Carrier Transfer	Operator ID	Y	Validated	
	UUID	Y		
	Means of transport	Y	Validated	8
	Transfer date	Y	Data format	
Declarations of carrier who takes-over the shipment	Name of the person authenticating the submission on behalf of carrier	Y		8
	Email of the person authenticating the submission on behalf of carrier	N		8
	Role of the person	Y		8

Section	Field	Mandatory	Other constraints	Annex IB box
	authenticating the submission on behalf of carrier in its organization			
	Authentication timestamp	Y		8
	Additional authentication string	N		8
	UUID	Y		
Attachment	List of attachment IDs	N	Validated	

Output parameters:

Section	Parameter
General	Call status code
Specific	Movement document No
	Confirmation ID
Errors and warnings	Warning message
	Error message

5.   SUBMIT CONSIGNEE RECEPTION CONFIRMATION

This operation is used to submit a consignee reception confirmation of shipped waste in case it is the consignee is not a waste treatment facility.

Input parameters:

Section	Field	Mandatory	Other constraints	Annex IB box
Movement	Movement document number	Y	Validated	
	Additional information related to the shipment	N		16
Importer – Consignee	Operator ID	Y	Validated	
	UUID	Y		
	Contact person name	Y		4
	Phone number	Y		4
	Email address	Y		4
Reception	Reception Date	Y		17
Importer's – consignee's declaration	Name of the person authenticating the submission on behalf of consignee	Y		17
	Email of the person authenticating the submission on behalf of consignee	N		17

Section	Field	Mandatory	Other constraints	Annex IB box
	Role of the person authenticating the submission on behalf of consignee in its organization	Y		17
	Authentication timestamp	Y		17
	Additional authentication string	N		17
	UUID	Y		
Attachment	List of attachment IDs	N		

Output parameters:

Section	Parameter
General	Call status code
Specific	Movement document No
	Confirmation ID
Errors and warnings	Warning message
	Error message

6.   UPDATE CONSIGNEE RECEPTION CONFIRMATION

This operation is used to update a consignee reception confirmation of shipped waste in case it is the consignee is not a waste treatment facility.

Input parameters:

Section	Field	Mandatory	Other constraints	Annex IB box
Movement	Movement document No	Y	Validated	
	Confirmation ID	Y	Validated	
	Additional information related to the shipment	N		16
Importer – Consignee	Operator ID	Y	Validated	
	UUID	Y		
	Contact person name	Y		4
	Phone number	Y		4
	Email address	Y		4
Reception	Reception Date	Y	Date format	17
Importer's – consignee's declaration	Name of the person authenticating the submission on behalf of consignee	Y		17
	Email of the person authenticating the	N		17

Section	Field	Mandatory	Other constraints	Annex IB box
	submission on behalf of consignee			
	Role of the person authenticating the submission on behalf of consignee in its organization	Y		17
	Authentication timestamp	Y		17
	Additional authentication string	N		17
	UUID	Y		
Attachment	List of attachment IDs	N		

Output parameters:

Section	Parameter
General	Call status code
Specific	Movement document No
	Confirmation ID
Errors and warnings	Warning message
	Error message

7. SUBMIT FACILITY RECEPTION CONFIRMATION

This operation is used by waste treatment facility to submit a confirmation of receipt of shipped waste.

Input parameters:

Section	Field	Mandatory	Other constraints	Annex IB box
Movement	Movement document No	Y	Validated	
	Additional information related to the shipment	N		16
Disposal / recovery facility	Facility type	Y	Disposal / recovery	18
	Operator ID	Y	Validated	
	UUID	Y		
	Contact person name	Y		18
	Interim facility	Y	Boolean	
	Interim facility level	N		
	Phone number	Y		18
	Email address	Y		18
	Actual site of disposal/recovery	Y		18
Reception	Reception Date	Y		18

Section	Field	Mandatory	Other constraints	Annex IB box
	Accepted quantity (unit)	Y		18
	Accepted quantity (value)	Y		18
	Rejected quantity (unit)	Y		18
	Rejected quantity (value)	Y		18
	Rejection description	Y	Language code: value	18
	Approximate date of disposal/recovery	Y	Date format	18
	Disposal/Recovery operation (code)	Y	Validated	18
	Waste identification (list)	Y		
	Waste identification (code)	Y		
	Designation and composition of the waste received	Y		
Disposal/recovery facility's declaration	Name of the person authenticating the submission on behalf of the facility	Y		18
	Email of the person authenticating the submission on behalf of the facility	N		18
	Role of the person authenticating the submission on behalf of the facility in its organization	Y		18
	Authentication timestamp	Y		18
	Additional authentication string	N		18
	UUID	Y		
Attachment	List of attachment IDs	N	Validated	

Output parameters:

Section	Parameter
General	Call status code
Specific	Movement document No
	Confirmation ID
Errors and warnings	Warning message

Section	Parameter
	Error message

8. UPDATE FACILITY RECEPTION CONFIRMATION

This operation is used by waste treatment facility to update confirmation of receipt of shipped waste.

Input parameters:

Section	Field	Mandatory	Other constraints	Annex IB box
Movement	Movement document No	Y	Validated	
	Confirmation ID	Y	Validated	
	Additional information related to the shipment	N		16
Disposal / recovery facility	Facility type	Y	Disposal / recovery	18
	Operator ID	Y		
	UUID	Y		
	Contact person name	Y		18
	Interim facility	Y	Boolean	
	Interim facility level	N		
	Phone number	Y		18
	Email address	Y		18
	Actual site of disposal / recovery	Y		18
Reception	Reception Date	Y		18

	Additional authentication string	N		19
	UUID	Y		
Attachment	List of attachment IDs	N	Validated	

Output parameters:

Section	Parameter
General	Call status code
Specific	Movement document No
	Certificate ID
Errors and warnings	Warning message
	Error message

11. SUBMIT TAKE-BACK REQUEST

This operation is used to submit a take-back request by CA.

Input parameters:

Section	Field	Mandatory	Other constraints
Movement	Movement document No	Y	Validated
Take-back	Quantity for take-back (unit)	Y	
	Quantity for take-back (value)	Y	
	Reasons for requesting take-back	Y	Language code: value
	Requirements related to take-back based on a new movement document under the existing notification	N	Language code: value
	Date of take-back request	Y	Date format
	CA code	Y	
Attachment	List of attachment IDs	N	Validated

Output parameters:

Section	Parameter
General	Call status code
Specific	Movement document No
	Request ID
Errors and warnings	Warning message
	Error message

12. UPDATE TAKE-BACK REQUEST

This operation is used to update an already submitted take-back request.

Input parameters:

Section	Field	Mandatory	Other constraints
Movement	Movement document No	Y	Validated
	Request ID	Y	Validated
Take-back	Quantity for take-back (unit)	Y	
	Quantity for take-back (value)	Y	
	Reasons for requesting take-back	Y	Language code: value

PROTOCOL FOR EXCHANGE OF DATA RELATED TO OTHER SYNCHRONISATION OPERATIONS

Operations listed in this Part are used by users accessing the central system via the API in order to retrieve the data that was inserted in the central system by users accessing it via the GUI or API.

1. GET ALL EVENTS REQUEST

This operation allows to retrieve the list of events IDs in which a given actor is involved. In result of its performance, a list of notification documents, movement documents and Annex VII documents will be displayed.

Input parameters:

Section	Field	Mandatory	Other constraints
General	From date	N	Date
	To date	N	Date
	Notification No	N	
	Movement document No	N	
	Annex VII document No	N	

Output parameters:

Section	Parameter
General	Call status code
Specific	Event ID(s) (list)
Errors and warnings	Warning message
	Error message

2. GET ALL NOTIFICATIONS REQUEST

This operation allows to retrieve a list of notifications submitted in a given period of time.

Input parameters:

Section	Field	Mandatory	Other constraints
General	From date	N	Date
	To date	N	Date

Output parameters:

Section	Parameter
General	Call status code
Specific	Notification No
	Submission date (timestamp)
	Last update date (timestamp)
