

FEAD lunch debate

**hosted by Karl-Heinz Florenz,**

Member of the European Parliament  
Shadow Rapporteur on the Circular Economy Package

## The private waste management sector – an essential partner in the circular economy

**When:** Monday, 23 May 2016, from 12h00 to 14h45

**Where:** Representation of the State of North Rhine-Westphalia to the EU  
Rue Montoyer 47, 1000 Brussels

The transition from a linear to a more circular economy is vital if the European Union is to develop a sustainable, low carbon, resource efficient and competitive economy in the future.

FEAD members cordially invite you to discuss with EU decision-makers how the waste and resources management industry can play its full part in achieving a more sustainable and prosperous European economy, given the right policy framework and regulatory and economic instruments.
