If you have questions concerning the program, please contact Ms. Angelika Badiqué at FEAD:

By e-mail: info@fead.be, fax: +32 2 734 95 92 or telephone: +32 2 732 32 13.

If you have questions regarding your registration, please contact FNADE, Ms. Corinne Fernandez, by e-mail: c.fernandez@fnade.com.

FEAD is the European Federation which represents the European waste management industry. Our members are national waste management associations, which have an approximate 70% share in the household waste market and handle more than 75% of industrial and commercial waste in Europe, with a collective annual turnover of € 50 billion.

We have 20 members from 19 EU Member States and Norway. FEAD represents companies with activities in all forms of waste management. These companies employ over 350.000 people who operate around 2.200 controlled landfills, 2.000 recycling and sorting centres, 1.700 composting sites and 400 incinerators and play an important role in the determination of the best environmental option for waste management problems.

FNADE is the French professional organization representing depollution and environment trades. Presided by Pierre Rellet and Vincent Le Blan as General Delegate, it is composed of nine trade unions, and gathers 360 private companies (1176 treatment sites) which employ 75.000 people and realise 10,4 billion € of sales turnover. These companies provide services in the following activities :

- **Management** of domestic and industrial waste, hazardous and non hazardous waste: collection, treatment, separation/transfer, energy or biological recovery,
- **Conception, realization and exploitation** of waste sites, treatment units and biological and energy recovering: transfer site, incineration factories, separation centers, composting platforms, storage centers,
- **Construction** and manufacturing of equipments and materials,
- **Soil depollution**,
- **Urban** structures cleaning,
- **Advice**, assistance and supervision of works and engineering in the activities of waste collection, recovery and treatment.
