CONNECT WITH FEAD

A promotional graphic for an event. At the top left is the FEAD logo. To its right is the "Waste Management Europe" logo, which features a green circular icon with a leaf-like pattern. The main title of the event is "Creating the Regulatory Frameworks to Enable the EU to Deliver on Waste Targets". Below the title, the date "18 APRIL 2023" is shown next to a calendar icon, and the location "BERGAMO, ITALY" is shown next to a location pin icon. On the right side, there is a circular portrait of Claudia Mensi, the FEAD President. Below her name, "FEAD PRESIDENT", is written. At the bottom left, there is an orange button with the text "READ MORE" and a right-pointing arrow.

Claudia Mensi, FEAD's President will be delivering a speech on the ways to create the regulatory frameworks to enable the EU to deliver on waste targets during the Waste Management Europe 2023 conference that will be hosted on 18 April in Bergamo, Italy.

New rules on shipments of waste should boost circular economy

BrusselsMorning, Op-Ed by Pernille Weiss (MEP, EPP, Denmark): We must not scare off the most innovative waste treatment companies with complicated and bureaucratic rules and heavy procedures. For far too many years, the market has been characterized by overly bureaucratic paperwork and national special rules without common sense, which has been hindering the achievements we can make if the entire EU joins together to create a truly circular internal market for waste.
