

NEWSLETTER N° 132 - 3 July 2023

Hello from Brussels. Amidst the hustle and bustle of Brussels' EU summit, something truly ground-breaking happened. The Parliament's ITRE lawmakers seized the opportunity to greenlight the revised Renewable Energy Directive. As the excitement builds, we invite you to join us at our event on 6 July, where we will explore the potential of a new alliance between waste management and manufacturing industries in driving the circular economy forward. Don't miss out! 📍

Renewable Energy Directive (RED) revision: European Parliament's ITRE Committee Approves Revised Renewable Energy Directive (RED) with Strong Majority, Plenary Vote and Council Validation Awaited.

Construction Products Regulation (CPR): Council Adopts Negotiating Position on Updated Construction Products Regulation, Focusing on Harmonisation and Circular Economy Principles.

Packaging and Packaging Waste Regulation (PPWR): Packaging Rapporteur Calls for Strengthened Criteria on Packaging Reusability, Prioritising Health and Hygiene Standards, Contexte Reports.

- JRC Conducts Studies on Packaging Reuse and Recyclability, Seeks Stakeholder Input for Feasibility Analysis.

Ecodesign for Sustainable Products Regulation (ESPR): ENVI Committee Published Report Emphasizes Possibility to Include Methodology in Delegated Act for Assessing Product Reparability in Ecodesign Requirements.

PFAS: European Commission's Proposal for PFAS Regulation Revision Expected in Fourth Quarter, Causing Concerns Among Stakeholders, ENDS Europe Reports.

- EU-wide Ban on PFAS Attracts Significant Input With Over 4,500 Contributions Received, Stakeholders Call for Extended Derogations.

Classification, labelling and packaging of chemicals (CLP): EU Council Nears Completion of CLP Regulation Revision, Final Compromise Proposal Presented With One Contentious Issue Remaining, Contexte Reports.

Single Use Plastic Directive - Calculation of recycled content: Member States Experts Vote on Draft Implementing Decision for Reporting Recycled Plastic Content in Single-Use Plastic Beverage Bottle.

Green Deal Industrial Plan for Net-Zero Age: ECON Committee Discusses Effective Allocation of EU Funds with Economy Commissioner Gentiloni.

EU Environmental Taxonomy: EU Commission Adopts New Environmental Taxonomy Criteria, Removes Prioritisation of Mechanical Recycling for Plastic Packaging.

Industrial Emissions Directive (IED): ENVI Committee Report Proposes Streamlined Permitting Process and Conditions for Energy Efficiency Requirements in ETS Activities.

Critical Raw Materials (CRM): Swedish Presidency's Draft Negotiating Mandate Proposes Circular Subgroup for Critical Raw Materials; Calls for Enhanced Resource Efficiency and Combined Assessments, Contexte Reports.

- Paris, Berlin, and Rome Forge Alliance for "Support Criteria" for Collaborative Investments in Critical Raw Materials; Prioritise Environmental and Social Standards.

Net-Zero Industry Act (NZIA): Mixed Reactions to Swedish Presidency's Draft on Net-Zero Emission Industry Regulation, Contexte Reports.

- NGOs Advocate for Focused Approach in Net-Zero Emissions Regulation, Prioritising Renewable Technologies and Addressing Efficiency and Resource Management.

Urban Wastewater Treatment: New European Standards on Agricultural Reuse of Urban Wastewater Take Effect, Varying Adoption Among Member States.

Waste Framework Directive (WFD) Revision: EU Commission Delays Proposal on Revising Food and Textile Waste Aspects in Waste Framework Directive.

Soil Health: European Commission's Draft Proposal on Soil Directive Lacks Binding Soil Health Targets, Contexte Reports.

STRATEGIC WORKSHOP

How to make the circular economy work?
A new alliance between the waste management sector and the manufacturing industry

FEAD is bringing together experts, policymakers, and industry leaders to explore **how the EU institutions can enhance Member States' performance in achieving circular economy targets, with a focus on the potential role of a new alliance between the waste management and manufacturing industries.**

The event will start with a 20-minute **presentation of the upcoming Early Warning Report (EWR)** from the Commission's Director for Circular Economy, Aurel Ciobanu-Dordea, and a short overview of the European Commission's actions and plans. A first panel discussion will follow, featuring high-level experts from the public and private sectors and dedicated to the necessary **actions of the EU institutions to boost the circular economy.** A second panel will address the potential **role of a new alliance between the waste management and manufacturing industries** and concluding, **FEAD will unveil its vision for the future of the waste management industry.**

If you require any further information, do not hesitate to contact us at info@fead.be

Date and Time: July 6, 2023

Location: CEN/CENELEC Building, Rue de la Science 23, 1040, Brussels, Belgium

Language: English

Due to limited space capacity, we kindly request your prompt confirmation of participation.

E-WASTE WORLD

CONFERENCE & EXPO 28-29 JUNE 2023 / FRANKFURT MESSE / GERMANY

FRANKFURT

 28
JUNE 2023

SPEAKER

**AIZEA ASTOR
HOSCHEN**

FEAD SENIOR LEGAL &
POLICY OFFICER

**ILLEGAL SHIPMENTS: Basel Code
Changes And Regulations And
The Impact On The E-waste
Industry**

FEAD's Senior Legal & Policy Officer, Aizea Astor Hoschen joined a Panel Discussion on "Illegal Shipments: Basel Code Changes And Regulations And The Impact On The E-Waste Industry", at the E-Waste World Conference & Expo in Frankfurt, on 28-29 June.

✦ Aizea was joined by esteemed experts, including Spyros Karamoutsos from ECORESET S.A. and Allison Townley from IMPEL, who shared valuable insights on illegal waste shipments, in a debate moderated by Julie-Ann Adams from EERA - WEEE recyclers.

Coming up:

• **LAST CHANCE TO REGISTER: 6 July 2023** – FEAD Strategic Workshop at CEN/CENELEC

 **JOB OPPORTUNITY:** FEAD is looking for a visionary Secretary General to represent Europe's private resource and waste management industry. Lead a dynamic team, collaborate with key stakeholders, and make a tangible impact on Europe's waste management sector. Your skills in lobbying and networking will enable you to effectively advocate for FEAD's positions to EU legislators, ensuring our industry's voice is heard. If you are a strategic thinker, a skilled communicator, and have a passion for driving change, click the [link provided by Mavence](#) and submit your application through their platform!

Pre-register now! The Ecosystem of the Ecological Transition

The leading event in Europe for the Green and Circular Economy

Ecomondo is the **benchmark international event in Europe and the Mediterranean basin** dedicated to technologies, services and industrial solutions in the **green and circular economy**.

A **cultural and scientific hub**, it aims to inform, share and communicate in order to

facilitate co-design and the creation of public-private partnerships to advance national and international development projects aligned with European directives.

The **topics** that will be addressed over the **four days** include efficiency in processes and products, the use of raw and secondary materials in the textile, REE, plastics, paper and cardboard supply chains, as well as National Recovery and Resilience Plan (PNRR) projects, European funding, and the restoration and regeneration of soils, the hydrosphere and ecosystems.
